

Wednesday 8th January 2025

Dear Resident/Occupier,

Surface Dressing Preparation Works–C1019 Killhorse Lane – from Wigmore to the County Boundary

As a result of a £2 million investment, the road from Wigmore to the County Boundary, which may impact on your property, is programmed to benefit from surface dressing preparation ahead of the surface dressing at a later date. These works are programmed to take place between 08:00–17:00 over a phased plan broken down below:

Phase 1: Monday 20th January – Thursday 23rd JanuaryPhase 2: Friday 24th January – Friday 31st JanuaryPhase 3: Monday 3rd February – Thursday 6th FebruaryPhase 4: Friday 7th February – Friday 14th February

Please note the entire road as highlighted in the map overleaf will be closed, except for access, for the duration of all works and the diversion route will be in place at these times.

A fully signed diversion route will be displayed locally. We will do all we can to provide vehicular access to properties, although there may be times when we are not able to do so safely or there may be delays. You can get help and guidance from the dedicated marshals on site. Please ensure that you observe these signs and take note of the dates that are stated. If there are any changes to the programme of works in your road, we will make sure the signs are updated.

This length of road has been identified for such works following detailed and comprehensive surface and structural condition surveys that help us to objectively prioritise where we need to invest across Herefordshire's highway network.

Surface dressing is an important part of our maintenance programme and helps to extend the life of an existing surface, reduce further deterioration of the road's condition, improve the skid resistance of the road surface and seal the road against water preventing potholes forming in winter. Please visit <https://www.herefordshire.gov.uk/roads-1/herfordshire-road-investment/5> for more information regarding the surface dressing process.

We are sorry for any inconvenience this may cause you, but we will do all that we can to minimise the impact of our work whilst this work is undertaken.

Please see the reverse of this letter for an indicative plan of the surface dressing preparation area of works as well as the diversion route.

If you have any questions about these works then please call us on 01432 260555.

Yours faithfully,
Herefordshire Council
