Herefordshire Council

Free Climate Resilient Trees for Your Community

Herefordshire Council is offering free climate resilient trees to Parish and Town Councils across Herefordshire.

The scheme aims to help communities adapt to hotter, drier summers by planting drought-tolerant trees that support biodiversity and strengthen local landscapes.

Trees must be planted on land owned by your council, local parks or school grounds (not highways).

Trees are limited and will be allocated on a first come, first served basis.

What's Included?

- Free tree(s) (up to 5 per council)
- Stake, natural tree tie, bio guard and weed mat
- Free delivery within Herefordshire

How to Apply

Choose a suitable planting location, select your preferred tree species and submit your request.

Apply by 27 November 2026
